A frog lays eggs
in water. 🗣️

Tadpoles come out
of the eggs. 🗣️

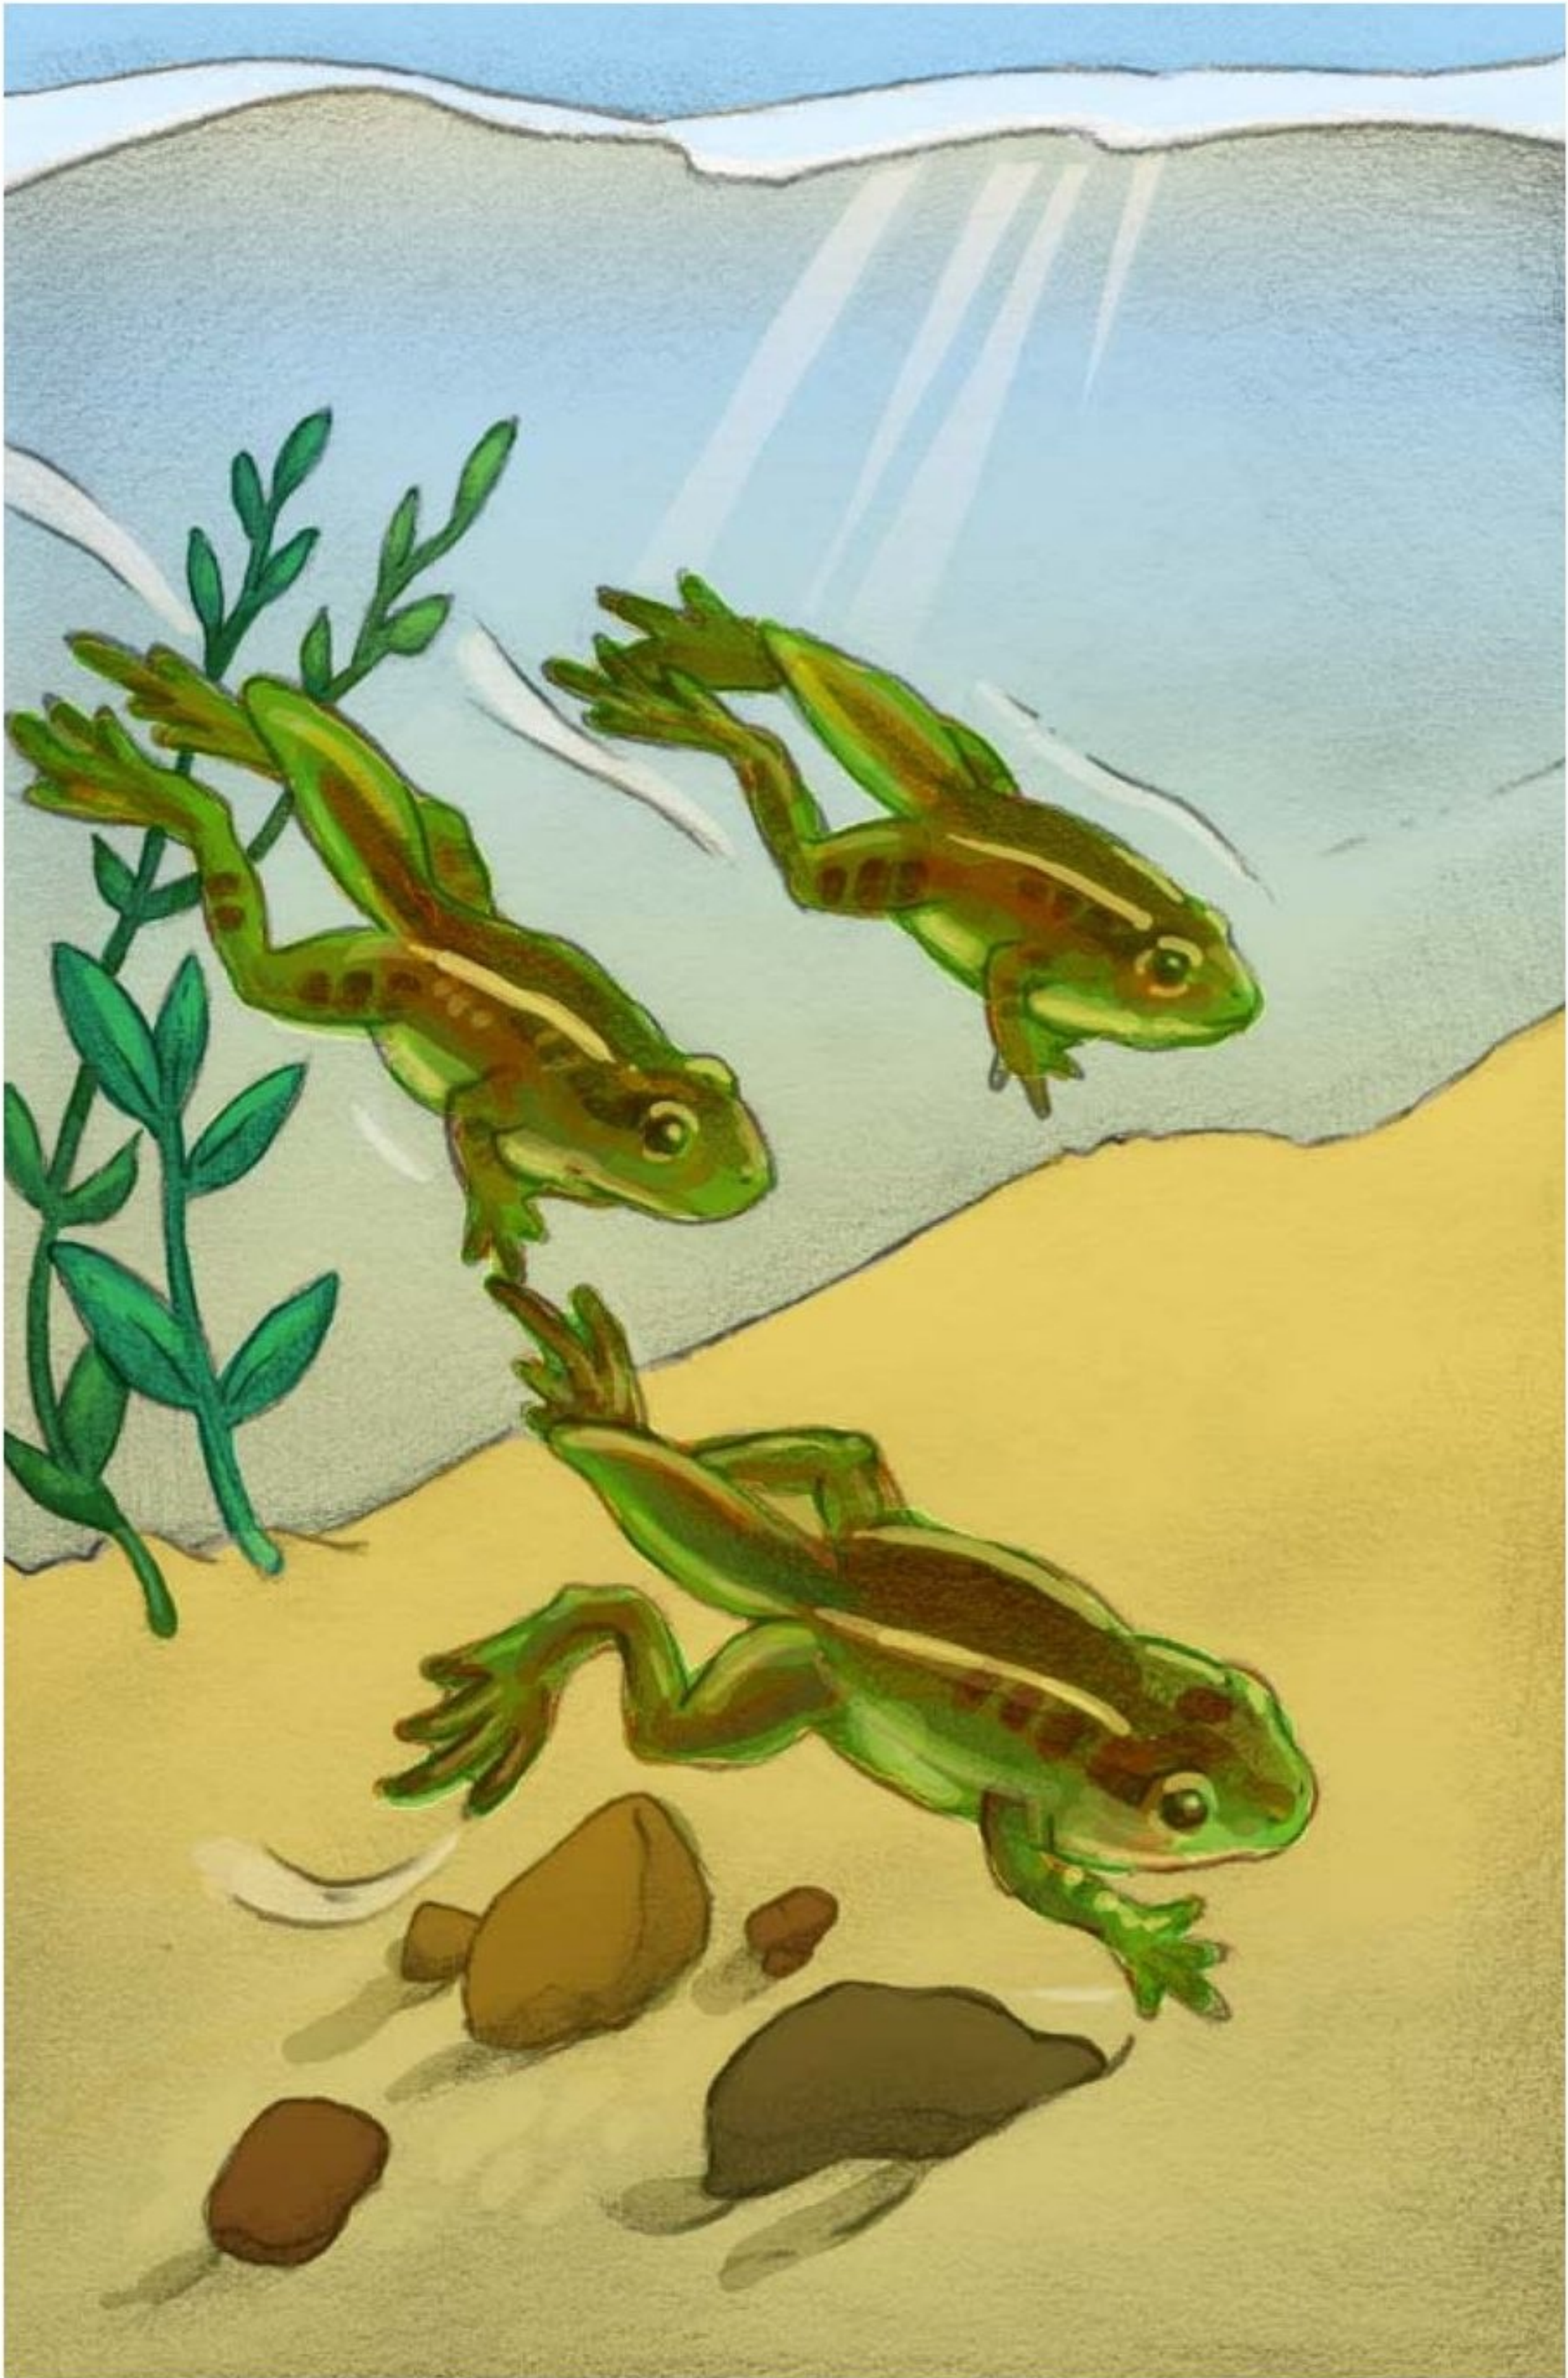

The tadpoles have
long tails. 🔊

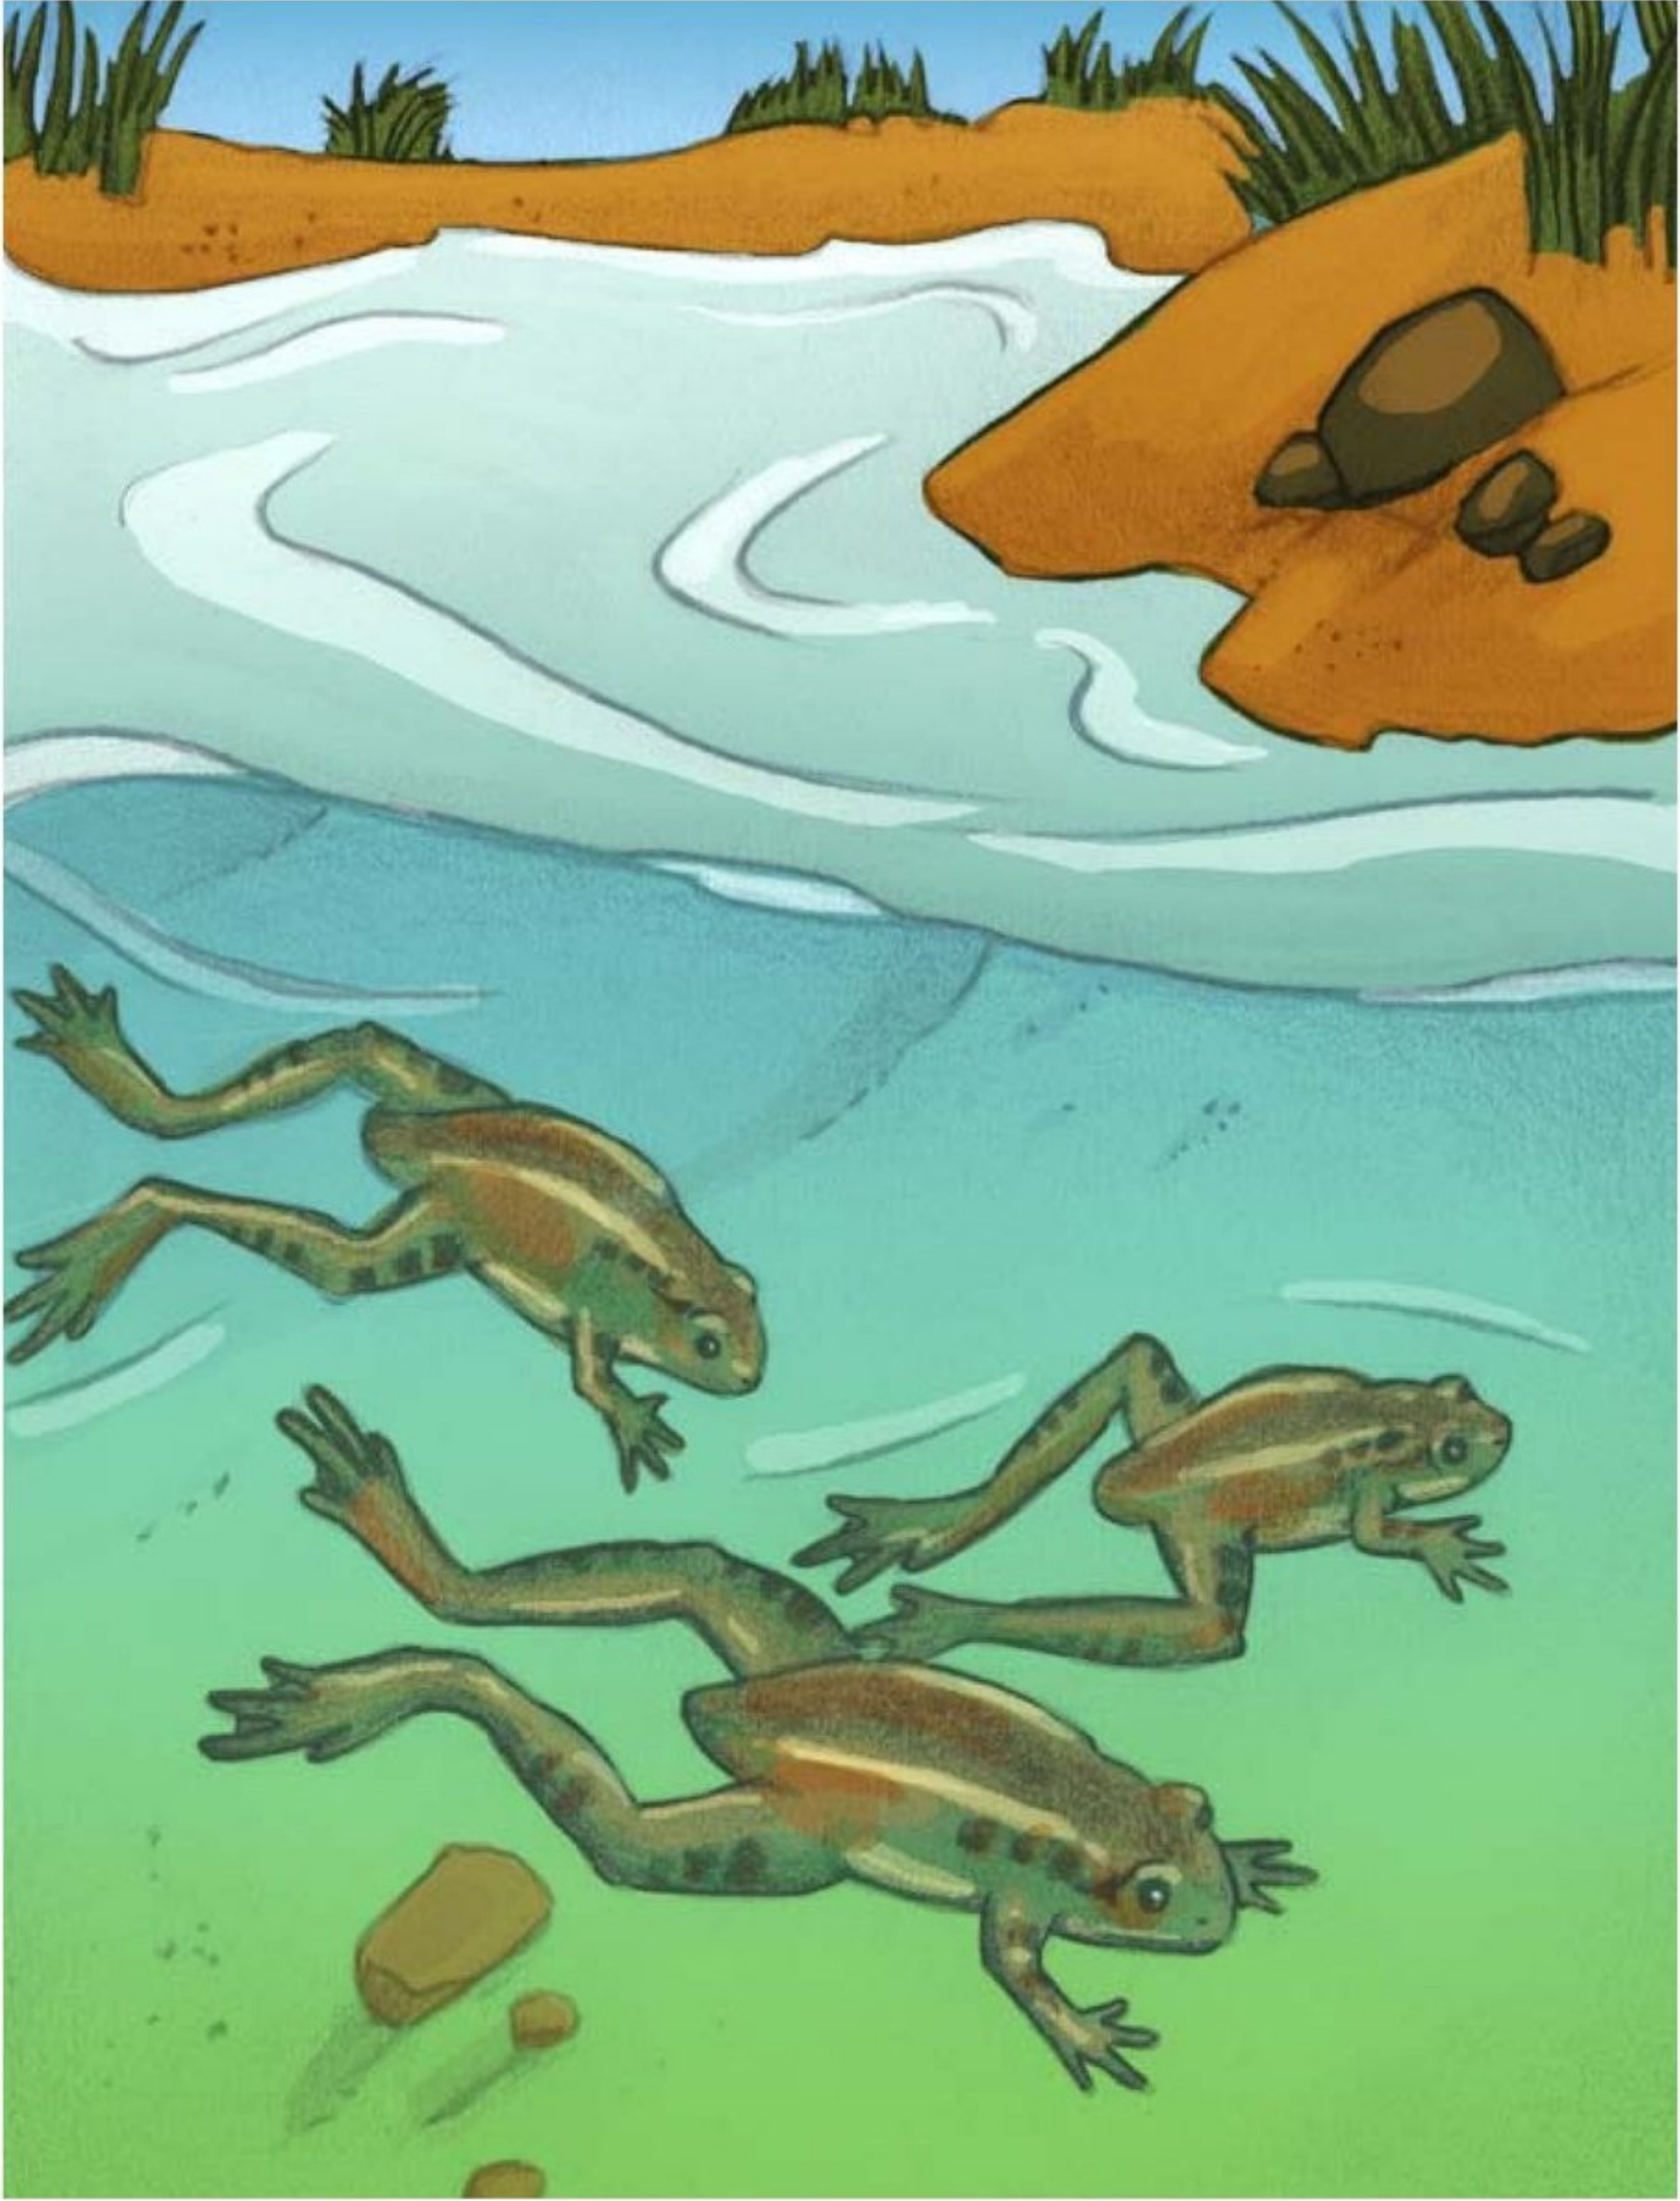

The tadpoles grow
back legs. 🗣️

The tadpoles grow
front legs. 🗣️

The tadpoles are
now froglets. 🗣️

The froglets grow
and grow.
Their tails get smaller
and smaller. 🗣️

The froglets are
now frogs. 🗣️
